

News From PSA, Inc.

Keeping you up-to-date on news about CMPRO and PLM industry.

This quarter Professional Systems Associates, Inc. (PSA) will be focusing on helping people learn about CMPRO and how to use it more effectively through a new Learning About CMPRO newsletter publication. Additional training opportunities are also on the horizon with registration for the CMPROiciency+ 2012 training event officially open. PSA will also be on the road in March exhibiting at the ACDM Conference and the Aerospace and Defense Supplier Summit.

WINTER 2012

CMPROiciency+ 2012: CMPRO Training Event

New Learning About CMPRO Series

ACDM 17th Annual Technical & Training Conference

Aerospace and Defense Supplier Summit

CMPROiciency+ 2012 Registration Open

Each year users from all over the United States travel to Panama City, Florida to attend PSA's CMPROiciency+ training event. They come excited and ready to learn about the latest features and functionality found in CMPRO. This year is no exception. The format for the training event will be similar to previous years with multi-track sessions for administrators, fundamental and advanced users. A new addition to the training event is the CMPRO Lab where CMPRO users will be able to get hands on training with the new and updated modules, and ask specific questions about their CMPRO instance.

Please visit http://cmproficiency.com/?page_id=757 for more information about CMPROiciency+ 2012, including how to register for this important training event.

PSA to Exhibit CMPRO in Washington and Florida

Aerospace & Defense Supplier Summit

PSA, Inc. will exhibit CMPRO at the Aerospace & Defense Supplier Summit (A&DSS) March 12 - 15, 2012. According to the A&DSS website "Aerospace & Defense Supplier Summit Seattle is an opportunity for leaders in the aerospace industry to meet with potential industry partners.

The industry is facing significant growth in the coming years, and we need to be prepared to meet the demand. A&DSS Seattle enables companies throughout the global supply chain to come together, make connections, and identify new business partners."

Moe Parker, Senior Systems Analyst, will be onsite to demonstrate CMPRO to the Aerospace and Defense community. For more information visit <http://www.bciaerospace.com/seattle/>

ACDM 17th Annual Technical & Training Conference

The Association for Configuration and Data Management (ACDM) is hosting the 17th Annual Technical & Training Conference in Destin, Florida March 19 - 21, 2012. "This year, our conference theme is *Building Centers of Excellence in CM and DM*," states Cynthia Hauer of ACDM. "We think you'll be impressed and informed with our program - and we're proud of it, too. Keith Seaman from the Department of Veteran's Affairs will be our keynote - his topic is *US Government Expectations in CM and DM*."

Rob Stone will be on site to demonstrate CMPRO to the Configuration Management and Data Management community. For more information visit <http://www.acdm.org/conferences.php>

To schedule a demo of CMPRO at either event, please contact Professional Systems Associates, Inc. at 1 (800) 373 - 3453.
